Retiree Benefits Overview

RETIREE BENEFITS OVERVIEW

WELCOME! As a retiree, or a spouse of a retiree in the Hanford Employee Welfare Trust (HEWT), you are eligible to enroll from a deferred status or make changes to your current retiree medical elections on an annual basis. The HEWT offers you the flexibility to choose from two medical plans which we are confident will meet your specific needs for the upcoming calendar year. We look forward to continuing our relationship with you throughout the next year!

RETIREE Benefits Overview

Included in the package are:

- *Health Care Benefits*
  The HEWT pays the major share of the cost of the medical and prescription plans for you and your eligible dependents.
- *Life & Insurance Plans*
  The HEWT offers insurance plan options which you elected at the time you retired. These benefits are payable to you or your beneficiary in the event of your or your spouse's death.

Update of Information

If you have a change to your beneficiaries or would like to update your address, please contact 509-376-6962, email us at Benefits-HEWT@rl.gov, or send your changes to:

Hanford Employee Welfare Trust
Attn: Benefits Administration
PO BOX 650 H2-23
Richland, WA 99352

Plan Year

Each plan year begins on January 1 and ends on December 31. In the Fall, you will have the opportunity to change your elections for the following plan year.

Eligibility

As a participant in this plan, you are eligible to participate until you reach age 65 and become eligible for Medicare, at which time, you may be eligible for a Medicare supplement plan also available through the HEWT.

Opportunity to Opt Out

A one-time opt-out option is available to you as a participant in the HEWT post-retirement medical benefits. After opting out, you may re-enroll in coverage within 31 days following a qualifying life event or during an annual open enrollment period, which is effective January 1 of the following calendar year. If coverage is dropped again for any reason, you may not re-enroll in medical coverage.

Dependent Coverage

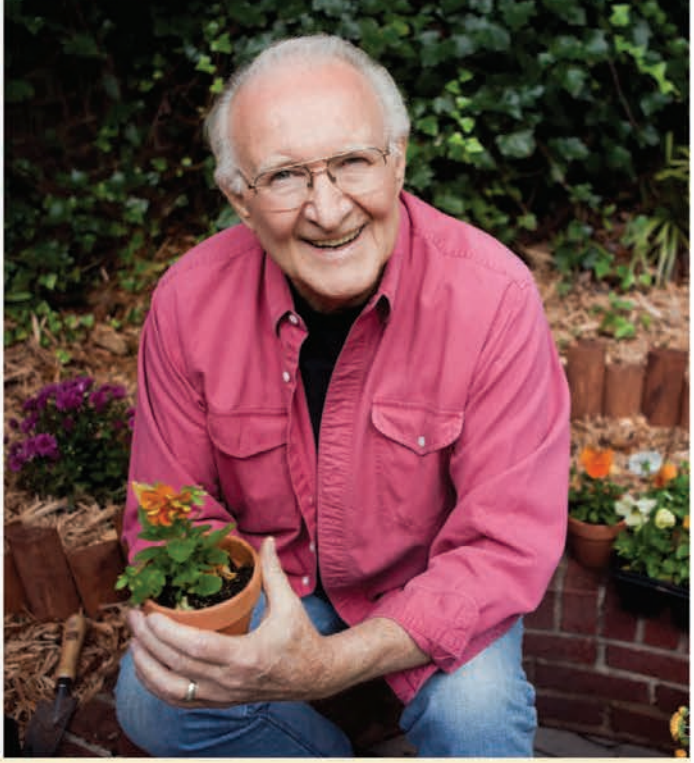
In addition to electing coverage for yourself, you can elect to continue coverage for your eligible dependents. For the medical and prescription drug plans, your eligible dependents include your legal spouse or domestic partner (if certain criteria are met) and children who were covered at the time of your retirement. If your eligible dependent(s) are age 65 or older, coverage may continue under the HEWT's Medicare supplement plan.

Changing Your Benefits

Retirees enrolled in these post-tax benefit plans may only make benefit elections once a year. As such, your medical and prescription benefit choices are binding until the next open enrollment. The following special circumstances are the ONLY reasons you may change your benefits during the plan year:

- Divorce, legal separation or annulment
- Loss of spouse's job or change in work status where coverage is maintained through the spouse's plan (applicable if previously "opted-out")
- A significant change in your or your spouse's health coverage attributable to your spouse's employment (applicable if previously "opted-out")
- Death of a spouse or dependent
- Loss of dependent status
- Becoming eligible for Medicare or Medicaid during the year

These special circumstances often referred to as "Qualifying Life Events" or life event changes, will allow you to make changes at any time during the year in which they occur. For any allowable change, you must notify the HEWT of the event and provide the requested documents within 31 days of the event to avoid a lapse in coverage. Changes that are requested due to a "change of mind" or financial hardship without a Qualifying Life Event, are not allowed until the next annual open enrollment period.



Medical Benefits

Coverage choice, cost and convenience are factors each of us considers important when selecting a medical plan. You may choose between two medical plans, whichever one best meets your needs and the needs of your family. The plans cover the same types of services, but differ in how they share costs with you and how they provide access to care. Each option is summarized below and within the Medical Plan Summary on the following page.

Option 1 – Group Health Options Plan

Group Health Options provides you with flexibility when seeking covered medical services by allowing you to receive care within or outside of the Group Health network. You will be required to elect a primary care physician (PCP), and you will maximize your coverage by having care provided or referred by your PCP. This plan offers members a combination of in-network managed services and out-of-network services, which can be from any qualified provider. In-network services usually require co-insurance after the deductible is met. Out-of-network services are subject to a higher annual deductible and a co-insurance payment, typically 30 percent of remaining covered expenses up to an annual out-of-pocket limit.

Option 2– UnitedHealthcare PPO Plan

UnitedHealthcare PPO has access to a broad network of physicians and hospitals nationwide. The traditional plan design offers two levels of coverage – a higher level of benefits apply for in-network services, and a lower level of benefits is available for non-network services with somewhat higher deductibles, co-insurance and co-payments. The plan includes a full spectrum of covered services and direct access to specialists without the need to gain approval from a primary care doctor.

The company chosen to manage your prescription-drug benefit under the UnitedHealthcare PPO, Express Scripts, Inc., offers you a website tool with round-the-clock assistance, savings opportunities and important health information.
