- MSA Employees Help Fight Child Hunger
- Supporting Programs that Build a Better Community

## Volunteering is the Recipe for Success

MSA employees and family members came together to volunteer at Mid-Columbia Meals on Wheels to ensure local homebound seniors

receive nutritious meals. Our volunteers helped package 300 meals, bake 500 muffins and chop 150 pounds of potatoes and bell peppers!

## MSA Employees Help Fight Child Hunger

We were thrilled to continue our sponsorship with Second Harvest and their Bite2Go program, which helps children in need during the school year. The program provides weekend food kits to students

that will help keep them nourished and return to school ready to learn. MSA and other community volunteers helped package 5,194 weekend food kits in just two hours!

## Supporting Programs that Build a Better Community

We were proud to be the title sponsor at the Children's Developmental Center's Cuisine De Vin event. Attendees enjoyed this garden style event, which offered silent auctions and raffles to help raise money for this organization that does so much for children who face developmental delays and challenges.
