MSA CELEBRATES RANDOM ACTS OF KINDNESS WEEK

RICHLAND, Wash. – In an effort to support positivity in the workplace and beyond, Hanford contractor Mission Support Alliance (MSA) organized its first-ever *Random Acts of Kindness Week*. From June 19 – 22, MSA's employee engagement team led efforts to perform random acts of kindness and encouraged everyone at MSA to do the same.

A random act of kindness can be any number of things – recognizing a co-worker, bringing snacks, making a donation to a non-profit, helping with household activities – any act of kindness that might brighten someone's day. "It's easy to get caught up in your day or week. We wanted *Random Acts of Kindness* week to inspire our workforce to purposefully stop and show kindness to those around us. Whether on the job or out in the community, it's our goal to make people smile this week," states Bill Johnson, MSA President.

Random acts of kindness witnessed this week included — employees bringing in fresh produce from their own gardens and orchards, buying coffee for strangers and providing treats to various offices at MSA and around the Tri-Cities.

About MSA

Mission Support Alliance, a team of [Leidos](#), [Jacobs Engineering](#) and [Centerra Group](#), has responsibility for the Mission Support Contract at the Hanford Site. MSA provides a number of cross-cutting services to the DOE and other contractors at the Hanford Site to facilitate cleanup activities. MSA is responsible for areas such as site infrastructure, utilities, transportation, environmental integration, safety, emergency services and training, external affairs, information management and portfolio management. MSA: Partnering to move the mission forward. <http://msa.hanford.gov/msa>
